

5 October 2018

Dear Parent/Guardian

I attach a letter for your attention from the Education and Training Inspectorate. This outlines that Glenlola Collegiate will be involved in a follow up School inspection on Tuesday 23 October.

You play a vital role in supporting your child's learning at Glenlola Collegiate. The Senior Leadership Team and staff of the School are committed to building on the successes that have already been achieved through teaching and learning along with ensuring that we continue to provide a safe and supportive environment for the education of your child.

I would ask you to complete the online questionnaire which should take no more than 15 minutes of your time and thank you in advance of doing so.

Yours sincerely

W E Thompson  
Headmaster
