Geography Trip to Sorrento, Italy

The Geography department is organising a trip to Sorrento, Italy during Easter 2020. This is a four-day trip that will take in the sights of Mount Vesuvius, Pompeii and the island of Capri. This is a wonderful opportunity to see, at first-hand, the impact volcanoes and the sea, have on people and the landscape and will allow pupils to experience Italian life, if only for a short time.

Places on the trip are being offered to pupils currently in years 9-13. Details have been attached in this email. If your daughter/child would like to avail of a place on this trip, they should bring a £30 non-refundable deposit, signed permission slip and photocopy of their current passport (showing their name and photograph) to Mrs. Sinnerton, in L9, **before 9.10am on Thursday 13 December**.
