AS French Preparation

Pupils studying French at AS will have the opportunity to study French literature for the first time. The novel they will study is called *L'Étranger* by Camus.

It would really help pupils to know the story before we start to study it in French in September. I would therefore ask any pupils who are considering studying French at AS to read the novel in English before they return to school in September. This can be purchased on amazon (*The Stranger* by Camus) or alternatively I have placed a digital copy in Shared Resources>Modern Languages>French>AS>AS Literature.

Thank you for your support.
