17 May 2019

Dear Parent/Guardian

Is your daughter interested in technology or curious to see if this is a pathway for her future? If so, Belfast IT Girls is a girl-focused technology camp to develop the Digital, IT and Creative skills of young women. This free one-week summer camp is for girls aged 15-18 and will run from 5th – 9th August 2019 (from 9:30 am – 4:30 pm each day) at Belfast Met's Titanic Quarter Campus. This year's topics are cyber security, developing games using MakeCode Arcade, and creating digital content. Further information about the event can be found here: http://ow.ly/2ev850u994Q

What will it involve?

- Developing creative, social and business skills
- Learning about cyber security
- Developing games using MakeCode Arcade
- Creating digital content
- Meeting, chatting to and learning from women in the IT and Digital industries

Please note that registration for this event is essential should your daughter wish to attend. To procure a ticket, please register on the following Eventbrite link: http://ow.ly/RqUN50u994S.
