

20 November 2019

Dear Parent/Guardian

REMINDER School Fund 2019/20 Years 8-12

As you know the School Fund contribution is a major source of School based finance and it enables Glenlola Collegiate to provide a wide range and a high level of services and facilities for the pupils throughout each year.

Without additional school funds raised through this contribution it would simply not be possible to provide addition services to our pupils.

To those parents who have registered their direct debit mandates may I first of all say thank you for taking the time to do so as this will be of tremendous benefit to the School. However, if you have yet to return your direct debit mandate, I would urge you to do so for the reasons shown below.

You are no doubt aware of the significant reductions in funding which schools have experienced in recent years, but thanks to contributions to date, we have been able to maintain a high standard of provision for pupils, enhancing their experience of School life. For example, School funds help support:

- Upgrade of ICT equipment
- Provision of additional lunchroom facilities

It is hoped that you will choose to make this contribution to enable us to continue our investment in your child's education in Glenlola Collegiate over the years ahead. The mandate should be completed as a soon as possible and returned to the School marked for the attention of Mrs Liz Ingham in the Finance Office.

Should you have already forwarded the direct debit mandate please accept my thanks for your support.

Yours sincerely

W E Thompson
Headmaster
