Dear Parent / Guardian,

In keeping with our commitment to provide our pupils with outstanding careers guidance and tailored support when choosing subjects, career planning and deciding on their next steps after school, we have invested in Unifrog; an award-winning, online careers platform. All pupils in Years 10, 12 and 13 now have access to this excellent website which has been generously funded by our PTA.

Unifrog brings into one place every undergraduate university course, apprenticeship, and college course in the UK, as well as other opportunities, such as School Leaver Programmes, MOOCs, every college at Oxford and Cambridge and other options at European and World universities. This makes it easy for pupils to compare and choose the best university courses, apprenticeships or further education courses for them.

Additionally, the platform helps pupils successfully apply for these opportunities by writing their personal statement, applications and CVs and guiding them through the process, allowing teachers to give feedback. Pupils also have access to a comprehensive Careers Library for research.

Pupils have already accessed the tool during Careers classes using a sign-up code which is unique to their form group. They then login using their email address and password and they can do so from any computer, tablet or smartphone. We would encourage you to use the platform with your child so you can support them through the process of deciding their next steps.

We have also set up a **parent login** so that you can use Unifrog as if you were a student yourself, allowing you to provide support.

You can sign up here: www.unifrog.org/code. You can then enter the form code **parentsglenlola** along with your details to create an account.

I hope that you find this useful and will take advantage of the additional support and guidance that Unifrog will provide.

Yours sincerely,

Mrs L Walker
Careers Assistant
