Dear Parent

As you know, your daughter has studied French throughout her first year in School. When she enters Year 9 in September 2020, she will continue with French and have the option of taking up either German or Spanish. This can provide an excellent opportunity for her to develop her linguistic skills, her awareness of European culture and her self-esteem and confidence, through speaking, reading and writing another modern foreign language.

It is our wish that as many pupils as possible study the language of their choice and, to that end, I am writing to ask you to indicate which language you would prefer your daughter to take in Year 9. Due to staffing and timetabling constraints we cannot guarantee that the first choice of every girl in the year group will be accommodated; choices will be allocated on the basis of rank order of pupils' performance in French during Year 8.

I would be grateful if you would complete the "Language Choice Form" using the link below and indicating either a preference for German, a preference for Spanish or no preference. If your daughter has a strong desire to do a particular language she should indicate this clearly, otherwise we would ask that she selects the "no preference" option.

Please complete the online form by **Friday 15th May**.

Please do not hesitate to contact me if you have any queries. I wish your daughter well for all her academic studies during the remainder of Year 8 and for her work in a new modern foreign language next year.

Yours sincerely
