

25 August 2020

Dear Parent/Guardian

It has been a pleasure to welcome pupils from key year groups back into the School in the past few days and the staff are looking forward to the return of all year groups next week. We will strive to achieve as normal an environment as possible while implementing the Department of Education guidelines so that your daughters can resume their education.

In order to help us to achieve this **it is vital that you do not send your daughter to School if she is sick**. A number of other common illnesses have symptoms in common with COVID-19 and we want to avoid a scenario where serious disruption to the School day results from a pupil bringing in a common cold.

Never has it been more apparent that our behaviour as individuals affects others. We must all consider their wellbeing too and I very much appreciate your understanding in this regard.

I should also be grateful if you would check your contact details in Parent App and update them if necessary.

Thank you.

Mr WE Thompson
Headmaster
