12 October 2020

Dear Parent/Guardian

Electronic technologies affect all of our lives and many of us use it for educational, recreational, domestic and business purposes. In today's expanding and ever-changing online/digital world, it is crucially important that our children and young people are educated to keep themselves safe online. Please find below, a link to our E-Safety website that provides accessible information, advice and support to enable you and your daughter to utilise online technologies safely:

<https://sites.google.com/c2ken.net/glenlola-esafety/home>

In this website, the following pertinent areas of electronic technologies will be explored; Social Networking, Cyberbullying, Cybercrime, Streaming, Sexting and Gaming.

N.B. It is recommended that you open this link through a Google Chrome web browser. Alternatively, the E-Safety website can be accessed via the school website (www.glenlola.collegiate.net) and clicking on the 'School Life' tab.

Kind Regards,

Mr J Haylett
