

15 January 2021

We are offering pupils from Year 8 - 11 an opportunity to get extra support in Mathematics. Tutors will be available each week via google meet to help with difficulties and to consolidate topics being covered by class teachers. Details as to when the sessions will run can be found on your child's mathematics google classroom page. To support pupils in the best way we can sessions may be limited to 5 pupils at a time and will operate on a sign-up basis each week.

The Mathematics Department.
