

12 March 2021

Dear Parent / Guardian

Now that parent consultation meetings have taken place, I would ask that you and your daughter carefully consider which subjects she is wishing to take to A2 level and to complete the online form (see link below) to indicate her subject choices. You should consider her current career aspirations and past performance in tests and examinations at AS level when making these choices.

Year 13: <https://forms.gle/CmA8N5cp2DpKkyK27>

The date for completing the online subject choice form is **Friday 19th March.**

Please note that, once the subject choice form is submitted, choices cannot be changed without consulting the School. If, after completing the online choice form, your daughter wishes to change her subject choice, you should email School via info@glenlola Collegiate.bangor.ni.sch.uk. Changes may only be made where the change fits within the timetabled blocks and does not make a class too large.

In August, on return to School, pupils may be invited to attend an interview to discuss their subject choices. This will offer an opportunity for feedback on progress, subjects to be studied and a chance to ask any further questions regarding your daughter continuing with her A Level studies in Year 14.

Yours sincerely

Mrs A McKinley

Dr C Larmour

Head of Careers

Vice Principal
