

2 March 2021

Dear Parent/Guardian

I attach correspondence/information from DE which was placed in the school Parent E-Booklet in February. Since that time no further guidance has been issued by CCEA to schools, but I am aware that you will be wondering what the coming weeks hold for your daughter.

At this stage I can confirm that:

- Teachers will use a range of selected work in order to set a Centre Determined Grade for each pupil.
- In so doing they will endeavour to use evidence that shows pupils performing at their highest level.
- It may also be necessary for pupils to take additional assessments using teacher assessments or resources provided by CCEA (other awarding bodies) – the school awaits further guidance on this.

I am sorry that I cannot provide more detail at present. When further guidance has been received from CCEA we will be in a position to progress.

Thank you.

Mr W E Thompson
Headmaster
