

11 May 2021

Dear Parent/Guardian

The Northern Ireland Careers Service has responded to the Covid-19 crisis by developing a contingency service delivery model for the delivery of Careers services in schools during this academic year to ensure that pupils have still been able to access the relevant Careers help and guidance that they require. This has been delivered through telephone, email and video call services, which all Year 12 pupils here at Glenlola were invited to avail of while working remotely from home in recent months.

As the use of digital delivery has been well received, the NI Careers Service wants to continue to develop the way their services can be accessed. To start that process, they are seeking feedback from pupils and parents on the delivery of careers services this past year. Your feedback will help inform how the service is delivered in the future.

They have developed a survey in conjunction with the Department for the Economy, which is now open for responses. **This survey closes on Sunday 30th May.**

Should you wish to participate, you can access the survey here:

<https://consultations.nidirect.gov.uk/dfe-skills-and-business-development-group/careers-service-survey/>

Kind regards,

GCS Careers Department
