

18 May 2021

Dear Parent/Guardian

As we enter the second half of the penultimate month of this school year it is encouraging to see the progress that has been made in the fight against Covid-19. We appear to be making good progress along the road to normality, a destination that we all very much want to reach.

I would like to thank you for supporting the School and your daughter through the recent difficult months during which our normal routines have been disrupted to such a great extent. There is no doubt that routine and structure has helped so many of us, old and young, to navigate our way through. I am grateful to the staff for the work that they have done to provide direction and focus to their pupils during the period of remote learning and since our return to School.

Over the past 12 months the degree to which we are all supported by structures and consistent routines has been clearly evident and it is important that these are maintained as we move forward. This will mean continuing to require girls to uphold the high standards of appearance and behaviour that have always been expected in the School. In particular, I would ask that you remind your daughters, if necessary, of the Uniform and Mobile Phone Policies.

Thank you for your continued support and cooperation.

W E Thompson
Headmaster
