Why we love our school

What our pupils say.

**Sometimes it is  
easy for teachers  
to talk about  
what they think is  
important about  
the school. Here at  
Glenlola we care  
about what the  
girls think too, so  
we asked them...**

# Academic

## Why we love our school

## What our pupils say.

Academic tracking – we are all set targets and you get pushed to achieve to the best of your ability... it gets the best out of us.

Good class sizes, it never feels like too many, especially when you get to GCSE and A-Level.

Glenlola is an academic school and that is what gets the best out of me.

One of my teachers gave me a hot chocolate and talked me through my problems. It made me feel more relaxed and I knew that I could do it.

There is definitely a focus on academic achievement, but it is well balanced with fun activities that allow us to enjoy school.

The teachers really help you and if you are struggling they will offer a pick up session at lunch.

I feel like my teachers know me.

I do get pushed to improve my grades but when I am honest I know I need it and I am glad they do it.

# Building Confidence

## Why we love our school

I work hard and enjoy school but it is the extra curricular activities that make me look forward to going to school each morning.

There are so many clubs and sports, there really is something for everyone. If you like sport, Glenlola is the place to be.

The Ski Trip was fantastic, this is when I really got to know people and myself.

The House System is the best thing about the school, I get to meet so many people for all years... it is a great feeling when you meet someone in the corridor from an older year and they say well done.

## What our pupils say.

Sport makes me feel proud to represent the school.

Most of the girls I am friends with, I got to know them playing sport. Playing sport and making friends really helped me to feel like I fit in.

I don't play sport but I love dance and drama and I love the productions we get to put on.

# Pastoral Care

## Why we love our school

There was a great transition program in place to make sure that we all settled into big school.

It is not all about grades, I really feel the teachers understand me.

The school takes Pastoral Care really seriously and we even have a relaxation room that you can use if school ever becomes too much.

## What our pupils say.

No homework in September really helps us to get settled in.  
(Year 8 pupil)

The older girls give us so much help.

It's just a great  
school

Glenlola feels like  
a big family

I have made so  
many friends who  
I see outside of  
school
