

2 February 2024

Dear Parent

Year 11 – February and GCSE Unit Examinations Information for Parents/Guardians

The Year 11 School Examinations will take place from 26 February - 1 March inclusive. For subjects sitting GCSE Units in the summer these exams will be 'Mocks' in preparation for the actual Units. At this stage in the year, with these Examinations approaching, it is recommended that Year 11 pupils should be studying for approximately 10-12 hours a week in preparation.

The examination timetable is noted below for your information and will also be put on the School's website. Also below is a table showing which subjects have actual GCSE Units this summer and the current scheduled date and time. The details are correct at time of writing but students should ensure they check the CCEA online timetable before the examination period begins.

I would like to draw your attention to the following Middle School arrangement. **Pupils need attend school only when they have an examination.** The arrangement for study leave is a privilege which may be withdrawn by the Section Head. Study leave is given to allow pupils to experience the same arrangements as in their actual GCSE examinations at the end of Year 12 and allows them to organise their revision to suit their own exam schedule. Your daughter is permitted to leave school between morning and afternoon sessions.

Mr Spence
Head of Middle School
