

13 March 2024

Dear Parent / Guardian

We would like to remind you when you are dropping off and collecting your daughter/child, to please be considerate and ensure that you respect local residents' accessibility in the surrounding areas and take care not to block any access to dwellings.

On entry to the School grounds, we would also ask you to drop off and collect your daughter / child in a timely manner to avoid any obstructions to traffic on Bloomfield Road.

Please also note that parents/carers collecting their child should not drive onto the school grounds to do so, nor should you access or use any private property or private land nearby.

Thank you for your cooperation.

GCS
